J.K. SPINNING MILLS LTD.

A partner for Standard Textile, from yarn to finished linen

Innovating together: from factory floor to finished product

STC Supplier Innovation Summit · Bursa · 9 November 2026

Spinning · Weaving · Processing · Stitching, in one group · Faisalabad, Pakistan

PARTNERSHIP

A dependable supplier to Standard Textile in 2026

98.9%

of items delivered on time, January–September (8.41 million of 8.51 million)

1,907

shipments, January–September · sourcing score 99%, sourcing rank 1

Goal: B → A

Our quality goal for 2027: move from rank B to A. Quality score 88% year to date (September), against STC's goal of above 90%; focus on lot acceptance and reject rate.

FACTORY-LEVEL INNOVATION

Investing in processing: whiter, steadier, lower-carbon

NEW EQUIPMENT AND BUILDING	TIMING
Goller two-stage bleaching range, 3.4 m wide	2027
8-chamber stenter, 3.4 m wide	Delivery late 2026
Biomass-fired thermal-oil heater (8 Mkcal)	2027
20 t/h steam boiler	2027
New processing hall	2027

WHAT IT MEANS FOR STC

More consistent whiteness and shade
Two-stage bleaching for sheeting

More wide-width capacity
3.4 m bleaching and stenter lines

More processing in our own plant
New bleaching and stenter lines on site

Lower-carbon heat
Biomass-fired thermal-oil heating

Machinery ordered July–October 2026; commissioning through 2027

PRODUCT-LEVEL INNOVATION

More lines we offer STC for healthcare and hospitality

Knit fitted sheets

Jersey knit; for hospital and hotel beds

Waterproof protectors

Laminated mattress and pillow protectors

Patient gowns and scrubs

Patient gowns in regular production; scrubs to order

Filled pillows and duvets

Plus unfilled duvets, euro and baffle boxes, and mattress pads

Towels and bathrobes

For hotel and healthcare programmes

Table and kitchen linen

Tablecloths, napkins and kitchen articles

Certified: GOTS · GRS · RCS · OCS (Control Union scope certificates sent to STC on 5 Nov 2026; renewal in progress). Organic and recycled options are certified for bed linen, pillows, quilts and duvets, towels and kitchen linen.

PROPOSALS

Where we would like to grow with STC in 2027

1. **Approve JK for our new categories**
   Patient gowns, scrub suits, knit fitted sheets, laminated protectors, filled and unfilled goods, mattress pads, towels, table and kitchen linen

2. **Develop STC Germany's filled products and sheet programme**
   Our price for the pillows and duvets in your 28 October enquiry; sheet samples once we agree the cloth or a sampling order

3. **Agree a 2027 volume plan for healthcare sheeting**
   Starting from your 2027 forecast of about 0.7 million pieces a month
